	High Priority Genie+ Lightning Lane Return Time – these should be selected first.		
	These are your second priority options to book. They typically sell out by late afternoon.		
	These Genie+ selections rarely sell out or these attractions are not included with Disney Genie+		

= Included w/ the purchase of Disney Genie+

= Individual Lightning Lane available starting at 7:00 am

= Ride during Early Park Entry or Late in the Day if not using Genie+ or Individual Lightning Lane

Touring Tips:

- The animals throughout the park are often most active first thing in the morning and late in the day.
- The Discovery Island Trails are a great place to walk and relax. These trails get you closer to the Tree of Life to take a closer look at the animals carved into it.
- In the evenings, watch the "Tree of Life Awakening". This brief nighttime show takes place continuously from dusk until the park closes.
- Use the My Disney Experience app to mobile order. This will save you time, especially during busier meal times.
